Divine Rebellion Tantra Festival — Level 1 (Foundations Festival)

What it is: The flagship entry-point festival designed to welcome both new and returning attendees into a safe, consent-centered, radically inclusive Tantra community. Level 1 focuses on foundations—embodiment, communication, boundaries, and connection—so participants leave with practical tools they can use immediately in daily life and relationships.

Services offered:

- **Opening/closing ceremonies + daily community circles**
- **Consent foundations** (boundaries, yes/no/maybe, repair practices)
- **Guided meditation + grounding practices**
- **Breathwork + somatic embodiment sessions**
- **Connection workshops** (communication, authentic relating, playful intimacy practices)
- **Movement** (ecstatic dance / sensual movement / yoga-style embodiment)
- **Temple-style spaces with clear agreements and facilitator support**
- **Integration support** (journaling prompts, take-home practices)

Growth & Reach

Divine Rebellion is in a potent phase of expansion:

- **Attendance doubling in 2026: 120 → 240 participants**
- **10,000 online followers and subscribers** across New England and the East Coast
- Deep roots in highly connected, word-of-mouth-driven communities

As an emergent festival, this is a rare opportunity to **align early with a movement that is growing with intention and integrity.**

At this stage, we are intentionally prioritizing aligned, niche brands over corporate sponsorship.

We are inviting in a select group of partners who resonate with:

- *Healing and embodiment*
- *Conscious intimacy and relational growth*
